AGNES LIU

agnesliu.com/work_digital-product | agnesliu1023@gmail.com | +1 401 436 4666 | Boston, MA · Open to relocation | US Citizen

EDUCATION

Rhode Island School of Design
Sep 2022–Jun 2026
BFA Graphic Design
Magna Cum Laude

University of the Arts London
Sep 2025–Dec 2025
Study Abroad: UX Design

SKILLS

UX/UI and product design
User research, user flows, wireframes, mockups, high-fidelity UI, interactive prototypes, responsive design, design systems, human-centered design, accessibility and inclusive design

Visual and motion
Visual storytelling, typography, layout, presentation design, motion graphics, video editing

Tools
Figma (prototyping, variables, Dev Mode), Adobe CC (Illustrator, Photoshop, InDesign, After Effects, Premiere Pro), HTML/CSS/JS with AI coding tools

AI-enabled tools
Claude, ChatGPT, Midjourney, ComfyUI for ideation, synthesis, and production

HONORS

Dean's List · Joan Shewmon Memorial Award

Spalter Teaching Fellow, RISD Museum (one of two across RISD and Brown): designed a 5,000-copy K–12 guidebook and taught about 200 students a week

LEADERSHIP

Organizer, "The How Talk" speaker series, Brown × RISD Entrepreneurship: 200+ attendees per session

LANGUAGES

English, Mandarin, Cantonese

EXPERIENCE

ChatEZ (Hangzhou Yulian Technology) | Remote
Founding Product Designer, early-stage startup (iOS app) | **Apr 2025–Aug 2025**

- **0-to-1 launch:** Led UX/UI for an AI chat app with the CEO and one engineer, audit to launch in two months: **1,000+ users at launch, 98% satisfaction**; the company now reports 100K+.
- **Research to a simpler journey:** Interviewed students and working adults, mapped the end-to-end journey, and merged four confusing AI features into one flow with three task-based modes; sessions got longer and organic downloads began.
- **Wireframes to high-fidelity UI:** Designed user flows, wireframes, mockups, interactive Figma prototypes, and high-fidelity iOS screens that shorten the path from upload to reply.
- **Internal dashboard:** Designed a node-based agent dashboard that traces each chat through expert and evaluator prompts, so the team could debug AI behavior.
- **Design system for developers:** Built a token-based system (type, 4px grid, spacing, components) and specs so one developer could ship consistent UI fast, then ran visual QA.

SpaceXAI | Boston, MA
AI Design Specialist (Contract) | **Oct 2026–Present**

- **Usability and accessibility review:** Evaluate AI-generated interfaces against user requirements for usability, accessibility, visual hierarchy, and responsive design.
- **Feedback engineers can act on:** Turn recurring failure patterns into prompts, specs, and prioritized feedback that engineers use to improve generated UI.

Publicis Groupe (HONOR, TCL, Shenzhen Tourism) | Shanghai, China
Advertising Design Intern, agency creative team | **Jul 2025–Sep 2025**

- **Product launch for mobile:** Designed key visuals and posters and storyboarded short-form videos for the HONOR Magic V5 foldable, one product benefit per asset in feed and story formats; **Singapore pre-orders sold out in 48 hours**.
- **Customer-facing social:** Storyboarded HONOR's four-film One More Thin series (**9.2M views** on its global TikTok) and designed Team TCL's Milano Cortina athlete posts (3,600+ likes).
- **Cross-functional agency team:** Presented 20+ explorations a week to art directors, strategy, account, and production; built Amazing Shenzhen's bilingual type system for five platforms, and TCL motion posters and emails (+30% online engagement).

Freelance (client consulting) | Providence, RI / Boston, MA
Product & Brand Designer | **Sep 2022–Sep 2026**

- **Discovery to delivery for four clients:** With founders and researchers at Goomi Academy, Kangrui New Materials (B2B), a Brown University lab, and FreshCut Paper, I clarified goals, scoped the work, and delivered digital experiences, brand systems, and decks.
- **Business result with AI:** Built a Midjourney + ComfyUI pipeline blending FreshCut's product shots with AI scenes, cutting campaign imagery from **1–2 weeks to one day**.
- **Brand in motion:** Built Goomi Academy's identity from logo to 3D mascot, animated it in After Effects, and extended it to responsive web, social, and merch.

Publicis Groupe (AB InBev) | Shanghai, China
E-commerce Advertising Intern | **Jun 2024–Aug 2024**

- **E-commerce at scale:** Designed 52 mobile, shopper-facing assets for four Alibaba placements and set up placements and spend: **9.5M impressions, 247K clicks (2.6% CTR)**.

PERSONAL PROJECTS

rainNet | Service & UX design, University of the Arts London, team of 6 | **1st Place, 2025**

- **One service across touchpoints:** Turned 50 field observations into a campus umbrella-sharing service linking a kiosk UI, a mobile portal, and a brand system; the school is considering a pilot.

Golf from Zero · Dao of Algorithms | Built with AI coding tools | **Live on agnesliu.com**

- **Advanced prototyping in code:** Designed and coded two learning products that teach by doing: an 18-hole 3D golf course (one skill per hole) and a 47-level game on AI basics.
